Fees and commissions paid to Affinia

Initial commissions / fees paid to Affinia

Affinia may receive initial commission or fees from the product providers if you decide to purchase a product I recommend. The amount of initial commission / fee is calculated as a percentage of the funds you invest and/or the premium paid by you. The fee maybe deducted from the amount invested or commission is paid by the Insurance provider when you purchase the insurance.

Initial commissions, where permitted by law, are calculated as follows:

- Life Insurance Investments, Superannuation, IDPS products: between 0% - 5% (GST inclusive) of your investment amount; or
- Life Insurance risk products: between 0% - 88% (GST inclusive) of the premium that you pay.

Ongoing commissions / fees paid to Affinia

Ongoing commissions, fees may be deducted regularly from your investment for the length of time that you hold the product. They are usually paid to Affinia by the product provider out of the revenue the product provider earns. In some cases, they may be deducted from your investment.

Ongoing commissions, where permitted by law, are calculated as follows:

- Life Insurance Investments, Superannuation, IDPS products: between 0% - 3% (GST inclusive) of your investment amount; or
- Life Insurance risk products: between 0% and 30% (GST inclusive) of the renewal premium.

For example, if an insurance product is recommended and you pay a premium of \$500, then the total "upfront" commission paid by the product issuer to Affinia will be between \$0 and \$440. Thereafter, the "ongoing" commission paid to Affinia will be between \$0 and \$150 (assuming

there is no change to the premium you pay in subsequent years).
